## BEST PRACTICE

### DEPT. OF ENGLISH, SABV GOVT. ARTS AND COMMERCE COLLEGE REPORT— 2018-19

#### Best Practice 1 : Computer Based English Language Learning

The Dept. of English had established the Language Lab with a purpose to impart education and knowledge, beyond the prescribed syllabus for learning English conversation, communication skills and thus by improving the personality development and employability. Therefore, it has been named as BEST PRACTICE.

#### The Salient Features of English Language Lab:

The English Language Lab consists of 30+1 computers with considerably good configuration. All the computers are inter-connected through LAN with the Server (Master) computer, through which the commands are delivered to the students, sitting on one of the computers. Basically, the intention is to make the students learn English through computer software.

**Words Worth** is the software, through which we are at present imparting the training of English Language Learning to the students. This software is a combination of **ILT** (Instructor Led Training) and **CBT** (Computer Based Training). This software contains three Levels of Courseware – Prep I, Prep II, and Prep III. In these Preps there are 24, 39 and 25 sessions (lessons) respectively. Presently, the Preps are learnt by the UG students, starting Prep I to Prep III, respectively from first year to the final year UG. The PG students will opt Prep III directly. We have already proposed (in purchase process) some more softwares (at least 4 or 5), which will be more useful for UG and PG students, including the MA English students too.

In the present software, every session starts with **ILT** and followed by **CBT**. In the beginning of each session, the Instructor explains **ILT** part through LED Projector or blackboard. This part also includes ‘Public Speaking’, Role Play’, Skit/Act’, ‘One-to-One Conversation’ from the

front/podium and so on. More focus is given on the voice intonation, pronunciation, building confidence and hand movements while speaking.

The Word Worth focuses on all the four skills of language learning, LSWR skills i.e. Listening, Speaking, Writing and Reading. Besides the software based learning, some activities like group discussion, creative writing, extempore, personal interview, PPT for phonetics, dramas etc. are also performed in the Language Lab.

Enrolment in the English Language Lab is open for all the **regular** students of the college, on 'first-come-first-get' basis. After the registration, students get online enrolment.

Through these feedback forms, which maintain anonymity, we come to understand that the course content is very effective, useful and compatible for the language learner and it is also apparent from the feedback forms that they very much satisfied and the Language Lab has proven to be a platform for one of the **BEST PRACTICES**.

### BEST PRACTICE

01. **Title of the Practice:** English Language Improvement classes
02. **Goal:** The aim was help was to prepare students for effective communication in English for their personal and professional growth.
03. **The Context:** Madhya Pradesh being a Hindi speaking state, the students find it very difficult to communicate in English despite studying the same in school for twelve years.
04. **The Practice:** Words Worth, the software is a combination ILT (Instructor Led Training) and CBT (Computer Based Training). In terms of Course Content, there are three levels of Courseware, Prep I, Prep II and Prep III. In each Prep, there are 24, 39 and 25 session (lessons) in all the three Preps respectively. This part also includes 'Public Speaking', 'Role Play', 'Skit/Act', 'One-to-One Conversation from the Front', 'One-to-All Conversation' and so on. More focus is given on the voice intonation, pronunciation, building confidence and hand movements while speaking. The software Words Worth focuses on all four skills of language learning LSWR skills i.e. Listening, Speaking like group discussion, creative writing, extempore, personal interview, PPT for Phonetics, Dramas etc. are also performed in the Language Lab.
05. **Evidence of Success:** The enrolment has witnessed an unprecedented acceleration from 49

## 2 Best Practices - NSS

1. The Context- that Required the initiation of the practice: Most of the students in our college are from socially and economically weaker section, also from small areas around Indore. The activities need to be scheduled as per the convenience of the students who are otherwise engaged in part time jobs also to support their families. The planning and designing of programmes need to be managed keeping in view their academic and domestic needs. Objectives of the practice : With the help of NSS, NCC, and the students of M.S.W. we enhance social awareness amongst students and, extend community help and society .
2. The Practice : The College has efficient and active NSS wings working under the NSS Cell, DAVV, Indore. This session ie 2018-19 the girl students also demanded the revival of NSS Girl Unit. The institution promotes NSS for all round development and character building of the students. The volunteer students are taught to extend the activities of units at the community level. NSS is the platform for community service. The college has been working since last three years in Ralamandal village for its extension activity. The college promotes extension work bringing together the campus and the community. The college follows regular activity and holds special camp activities to understand the community in which they work and also understand themselves in relation to their community, identify the needs and problems of the community and involve them in problem solving and help them to develop among themselves a sense of social responsibility. Such activities help the students to develop discipline, social harmony, civic sense and a sense of oneness in terms of national integration and social harmony. As the motto of NSS says - I do not live for me, but you- so is the teaching they get from the various activities conducted. Following Programs were conducted by NSS volunteers and other college students-

1. Health Awareness program
2. Tree Plantation
3. Cleanliness Drive.
4. Anti drug and tobacco Programme

5. HIV / AIDS awareness Program
6. Save Girls Child Program
7. Old age Problem.
8. National Integration program
9. Crowd management and traffic control.
10. Programs based on indian values.

The students have expressed and spread these messages through street plays, rallies and also door to door contact. Apart from these, they are active in all the programs held in the college.

3 . Evidence of Success: Enthusiastic participation and increase number of students in the units. Demand for Girls NSS Unit, shows the inspiration which the students have received. Some students voluntarily join NGOs and come forward to join government drive in Traffic control and HIV / AIDS Awareness Programs, Voter awareness SVEEP program of Madhya Pradesh. The community service extended to the village has been appreciated and awarded by local village surpunch.

4. Problems Encountered and Resources Required: The NSS units work under the guidance of their officers. The College authority extends all encompassing support. The officer in charge plans, takes decisions on regular activities and special camp activities through periodic meetings. Sometimes the NSS Units face financial crunch, they receive less of support from the authorities and hence have to sort out certain problems with their personal efforts. Experts for different social activities . Government Support for rally and special camp. Literacy awareness
